---

## Objective

Motivated and passionate web developer with a strong foundation in frontend and backend technologies. Proficient in designing responsive user interfaces and building scalable backend solutions. Eager to contribute technical skills and enthusiasm to a dynamic team while continuously learning and growing as a developer.

---

## Technical Skills

**Frontend Development:**

- HTML, CSS (Flexbox, Grid), JavaScript (ES6+), React.js
- Responsive Design, Cross-Browser Compatibility

**Backend Development:**

- Node.js, Express.js
- Django (Basic Understanding)

**Database Management:**

- MySQL, PostgreSQL, MongoDB

**Tools & Platforms:**

- Git, GitHub, npm, VS Code, RESTful APIs

---

## Projects

**1. Personal Portfolio Website**

- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript.
- Showcased projects, skills, and experience in a visually appealing manner.
- Implemented responsive design for optimal viewing on different devices.
- Integrated contact form with validation using JavaScript, enabling visitors to send messages directly to your email.

### 2. Blog Web Application

- Built a blog application using Node.js, Express.js, and EJS.
- Allowed users to create, view, edit, and delete blog posts with a focus on styling and responsive design.
- Ensured smooth functionality and a user-friendly interface.

### 3. API Integration Website

- Created a web application using Express.js and Axios to retrieve and display data from a public API.
- Implemented responsive and accessible UI for better user experience.

### 4. Simple To-Do List App

- Developed a To-Do List application using React.js.
- Enabled users to add, update, and delete tasks with real-time state updates.
- Applied React Hooks for efficient state management.

---

## Education

**Bachelor's Degree**  – VTU, Bangalore
July, 2015 – June, 2020

**Master's Degree**  – VTU, Bangalore
August, 2021 – June, 2023

**Relevant Coursework:** Web Development, Programming Fundamentals, Database Systems

---

## Certifications

- Frontend Development with React –  Udemy
- Backend Development with Node.js and Express – Udemy
- Web Development – University

---

## Additional Experience

- Freelance Web Development Projects: Assisted small businesses in creating responsive websites.
- Open Source Contributions: Participated in GitHub projects related to frontend and backend development.

---

## Interests

- Exploring new web technologies and frameworks
- Contributing to open-source projects
- Solving algorithmic problems on platforms like [e.g., LeetCode, HackerRank]
